have benefitted

- Variety of things that individuals can do by themselves to be calmed, intrigued, creative
- Activities to do with others they may live with to stay engaged and entertained

The background is a vibrant blue image. It features a world map with landmasses in a lighter blue shade. Overlaid on the map are concentric, glowing white and light blue ripples, similar to those created by a stone dropped in water. Two human hands are positioned as if reaching towards the center of these ripples. One hand, with a darker skin tone, is on the left side of the frame, and the other, with a lighter skin tone, is on the right side. A large, semi-transparent white circle is positioned on the left side of the image, partially overlapping the world map and the hand. Inside this circle, the text 'Embrace the power of community' is written in a black, sans-serif font. Below this text is a short horizontal line. Further down, within the circle, is a bulleted list of four items. At the bottom of the circle, the words 'Autism Community Store' are written in a stylized, purple, cursive-like font. A small, colorful butterfly is perched on the right side of this text.
